In your opinion, are six to eight people capable of implementing this project over the next five or six months?
What is your best estimation of the total amount of time (in hours) that will be required to complete this project?
Specifically who will be served by this project?
Approximately how many people will benefit?
If funding will be required to implement this project, what will be the approximate cost?
How much of the cost will be contributed by the organization?
If necessary, how much of the cost should the Legacy Class be prepared to assist in raising?
For what specific purpose of the project will these funds be needed?
Once this project is completed, will the organization be able to maintain the project without the assistance of additional volunteers?
Please explain:

To assist the class members in the execution of this project, please provide a description of what you feel will be the

with the corresponding due dates.

milestones required for executing the project and their corresponding due dates. These are not hard set and can be changed as the contact person and project team sees fit. If additional milestones will be required, please add an additional page, along
